What you need to know about **COVID-19 Vaccination**

Disclaimer: This presentation is for informational purposes only. This presentation is not to provide medical advice, and should not be substituted for seeking medical advice from your health care provider. The information shared today is intended to help you make a well informed decision, and/or prepare for a more detailed conversation about COVID-19 vaccines with your health care provider.

The information shared today related to COVID-19 illness, COVID-19 vaccine information, vaccine eligibility, and vaccine appointment information is current as of March 31, 2021, but is subject to change. Please continue to frequently check the CDC website, your local and state public health department website for changes/updates in guidance about COVID-19 illness and COVID-19 vaccines.

Introduction:

COVID-19 Prevention

What is known about COVID-19

- Infection with SARS-CoV-2, the virus that causes COVID-19 illness, range of symptoms/severity of illness from asymptomatic, mild symptoms, to severe illness and/or death.
- We don't know how SARS-CoV-2 will affect each person.
- Some people, such as adults 65 and older or people with certain medical conditions, are more likely than others to become severely ill.

How to Prevent COVID-19

How to Prevent COVID-19

Image from AHA heart.org

- Wear a mask (or two) that covers your nose and mouth.
 - Avoid close contact with others. Stay at least 6 feet (about 2 arm lengths) from other people.
 - Avoid crowds and poorly ventilated spaces.
 - Wash hands often with soap and water.
 - Use an alcohol-based hand sanitizer with at least 60% alcohol, if soap and water are not available.
 - Avoid touching your eyes, nose, and mouth with unwashed hands.
 - Clean and disinfect frequently touched surfaces daily.
- Get a COVID-19 vaccine.**

FACT:
COVID-19 vaccines will
not give you COVID-19

Training Objectives

OBJECTIVES/(3)Training Videos

1. Discuss 3 currently authorized COVID-19 vaccines.
2. A. Learn who is eligible to receive a COVID-19 vaccine.
B. Identify various options to book COVID-19 vaccine appointments.
3. How to prepare for the day of your COVID-19 vaccination, and what you can expect.
