

Help and hope for children and families

The Los Angeles Child Guidance Clinic empowers the children and young adults of South and Central L.A. to get on track to success: to reach goals in school, build healthy relationships, and enjoy emotional well-being. Our team of compassionate professionals offers behavioral counseling and support to individuals and families.

We serve children and youth from 0 - 25 years:

- With emotional or behavioral problems
- At risk for future mental problems
- With learning problems due to mental health related problems
- With trauma caused by gang, street or domestic violence
- With problems from alcohol or drug exposure during pregnancy
- With trauma from physical or sexual abuse

Mental health services are offered without appointments at our no-fee Walk-In Clinic, Monday to Friday from 8a.m. until noon. Children receive mental health screenings, linkages to services, and crisis intervention if necessary.
