

Virtual Summer Camps 2020

<https://www.abilityfirst.org/camp-paivika/>

Camp Paivika @ Home will be a dynamic weekly program that campers can enjoy Monday through Friday. The great news is that you will be able to enjoy **Camp Paivika @ Home** all summer long and free of charge. We will be offering a weekly schedule of activities which will be a combination of pre-recorded videos, live interactive activities, events and chats, as well as activities that can be downloaded and printed to enjoy whenever you like. Please be sure that your camper watches the YouTube Video message which is directed to them.

PROJECT Scientist™

DIVERSITY. EMPOWERMENT. STEM.

Experience the magic of science with your whole family from the convenience of your home! Join Project Scientist in an immersive STEM experience that comes with access to leading age-tailored STEM curriculum, carefully crafted and led by credentialed teachers, and a STEM lab kit that will allow students to conduct five experiments from their own lab space! Join us live in virtual classrooms of no more than 25 girls per teacher or enjoy the flexibility of online learning on your own time!

***Payment required**

During these online summer camps, neuro-diverse 6-21 year olds with autism spectrum disorder and other special needs will be provided a safe and enriching atmosphere to engage, experience, and explore. With three offerings to choose from, each camper is matched to ensure an appropriate peer group for learning and fun. Campers will participate in a wide range of fun activities, such as social skills, fun & fitness, engaging games, science experiments, arts & crafts, and so much more! Siblings are welcome.

CIP

GET A TASTE OF COLLEGE LIFE

Summer Sessions@CIP virtual programs help young adults with learning differences to develop valuable skills necessary for making a well-prepared transition in a safe and structured online setting.

Our two-week virtual summer programs are specifically created for high school age students with autism and learning differences.

We will be holding **Online Summer camps** during the months of June and July 2020. These camps will run from 9:30 - 3:00 pm Mon-Fri with a 1-hour lunch break at home from 12-1 pm. A half-day option (just the morning session) is also available (and yes, the afternoon is structured such that you won't be missing out if you only do the morning session).

Our Online Summer Camps will use Zoom and will be a mixture of working on a week-long coding project, challenges, tech talks, small group collaboration with breakout rooms, interactive games, and screen-free breaks, and the opportunity to share their creations with fellow campers (and parents) on Friday. Additionally, all of our Summer Camps (even online) will include active exercise and other cooperative team-building physical activities.
