

Early Intervention & AAC

KYRC Assistive Technology Training: Early Intervention and AAC

This training will provide introductory information about **AAC (Augmentative Alternative Communication)** and **Early Intervention**. Please join us exploring who can benefit from AAC, who currently uses AAC, and the different types of AAC available specifically for the early intervention (0-5) population. We will also share resources, funding, equipment demonstration and an opportunity for Q&A!

Tuesday, 10/10/2023, 4:00-6:00pm

This training is offered via **zoom**. Please register here:
