

# Cerebral Palsy slows me down, but it doesn't stop me!

Lanterman Regional Lanterman in collaboration with the Tarjan Center, the Center for Cerebral Palsy at UCLA and the David Geffen School of Medicine invites you to participate in this broad overview of Cerebral Palsy.

Topics that will be covered:

1. Center for Cerebral Palsy at UCLA/OIC ( we are all from this Center)
2. State of the Science for Cerebral palsy: current concepts in diagnosis and treatment
3. Clinical services at UCLA: High risk infant follow-up clinic, early intervention, orthopedic clinic and surgery, gait laboratory, therapy and adult care
4. Research
5. Optimizing musculoskeletal health and fitness throughout the lifespan
6. Friends, living life to the fullest, balancing therapy with fun and recreation
