

Sensory and Feeding Workshop

Smile Pediatric Therapy & Diagnostics

We create hope and build healthier futures via innovative assessment and treatment services so that each child and their family can live the most fulfilling life possible.

Re-Thinking Eating & Making Food Fun for the Picky Eater!

Does your child have difficulty eating?

Do you feel stressed when feeding your child?

Does your child refuse to look at, touch, smell or taste new foods?

Do mealtimes often end in tears?

If you answered **yes** to any of the above, then come join us during our **virtual workshop** to learn strategies for **making meal times fun** and enjoyable for children who are **picky eaters** and who are between the ages of 1-year to 5-years+

Tuesday, November 10, 2020 from 3:00pm—5:00pm
