

Understanding Specific Learning Disabilities

Lanterman Regional Center in collaboration with the Learning Rights Law Center invites you to participate in this presentation.

Specific Learning disabilities are a type of disorder that interferes with an individual's ability to listen, think, speak, write, spell, or do mathematical calculations. Parents will learn about the basic psychological processes that are associated with this disability, the different ways it can manifest in their child, and the challenges it may cause in the school and family environment.
