Spring 2021

Performance Report for Frank D. Lanterman Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Frank D. Lanterman Regional Center (FDLRC) we served about 10,620 consumers. The charts on page two tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At FDLRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we performed above the State average on nearly all Regional Center goals on page 3 and in meeting the DDS compliance standards on page 4. The Covid-19 State of Emergency (SOE) proved to be very challenging and impacted the timeliness of our Intake and Assessment functions; I am happy to report our process responded and eligibility determinations are returning to normal.

We continue to partner with our community-based organizations to provide parent education and support to reduce differences in the Purchase of Services; our Promotora and Community Health Worker programs are two examples of this collaboration, which proved so valuable as we assisted families during the SOE. Of the 10,620 individuals we serve, 46% of clients and families and 66% of staff are Hispanic; 13% of clients and families and 8% of staff are Asian; 6% of clients and families and 8% of staff are African-American and 31% of clients and families and 8% of staff are Caucasian. Overall, Lanterman staff speak 12 different languages.

We hope this report helps you learn more about FDLRC. If you have any questions or comments, please contact us!

This report is a summary. To see the complete report, go to: www.lanterman.org or contact Lanterman Regional Center at (213) 383-1300. I also invite you to sign up for our e-bulletin and follow us on Facebook.

Who uses FDLRC?

These charts tell you about who FDLRC consumers are and where they live.

How well is FDLRC performing?

This chart tells you about five areas where DDS wants each regional center to keep improving.

The first column tells you how FDLRC was doing at the end of 2019, and the second column shows how FDLRC was doing at the end of 2020.

To see how FDLRC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	December 2019		December 2020	
	State Average	FDLRC	State Average	FDLRC
Fewer consumers live in developmental centers	0.08%	0.02%	0.07%	0.02%
More children live with families	99.44%	99.79%	99.51%	99.80%
More adults live in home settings	80.84%	79.95%	81.71%	80.87%
Fewer children live in large facilities (more than 6 people)	0.04%	0.05%	0.04%	0.05%
Fewer adults live in large facilities (more than 6 people)	2.15%	6.39%	1.92%	5.92%

The tables on the next several pages provide information obtained from the National Core Indicator (NCI) survey regarding services, satisfaction and outcomes analyzed by race and ethnicity. NCI is nationally recognized as a valuable source of information about people with developmental disabilities across a large sample of states. In California, DDS coordinates the implementation of NCI survey and the State Council on Developmental Disabilities (SCDD) conducts the surveys for DDS. FDLRC supports the value of NCI and is committed to using the survey results as one quality measure as to how we are providing services to the people we serve.
