Spring 2017

Performance Report for Frank D. Lanterman Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve clients and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Frank D. Lanterman Regional Center (FDLRC) we served about 9,500 clients. The charts on page 2 tell you about the people we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At FDLRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we continue to reduce the number of people residing in state developmental centers and are well below the state average. We are also working to help people move out of locked mental health facilities and move into smaller homes that serve less than 6 people or, in some instances, move into their own apartment.

This year we continued our efforts to recruit staff who reflect the ethnicity of the people we serve. Of the 9,500 people we serve 45% are Hispanic and 57% of our staff are Hispanic; 11% of our families and our staff are Asian and 29% of our families and 19% of our staff are Caucasian.

We hope this report helps you learn more about FDLRC. If you have any questions or comments, please contact us!

How well is FDLRC performing?

This chart tells you about 5 areas where DDS wants each regional center to keep improving.

The first column tells you how FDLRC was doing at the end of 2015. And, the second column shows how FDLRC was doing at the end of 2016.

To see how FDLRC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals (based on Lanterman Act)	December 2015		December 2016	
	State Average	FDLRC	State Average	FDLRC
Less consumers live in developmental centers	0.36%	0.16%	0.30%	0.11%
More children live with families	99.15%	99.62%	99.24%	99.73%
More adults live in home settings*	78.04%	76.44%	78.89%	77.30%
Less children live in large facilities (more than 6 people)	0.06%	0.09%	0.05%	0.04%
Less adults live in large facilities (more than 6 people)	2.78%	8.19%	2.60%	7.56%

* Home settings include: independent living, supported living, Adult Family Home Agency homes, and consumers' family homes.

Did FDLRC meet DDS standards?

Read below to see how well FDLRC did in meeting DDS compliance standards:

Areas Measured	Last Period	Current Period
Passes independent audit	Yes	Yes
Passes DDS audit	Yes	Yes
Audits vendors as required	Met	Met
Didn't overspend operations budget	Yes	Yes
Participates in the federal waiver	Yes	Yes
CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about consumers, including diagnosis.)*	94.26%	94.50%
Intake/Assessment timelines for consumers age 3 or older met	98.39%	99.21%
IPP (<i>Individual Program Plan</i>) requirements met	98.18%	98.87%
IFSP (<i>Individualized Family Service Plan</i>) requirements met	95.71%	96.58%

**CDER and ESR currency percentages were weighted based on the regional center's Status 1 and Status 2 caseloads, to arrive at a composite score.*

Lanterman continued to do well on compliance measures such as passing audits by DDS and our independent auditors, completing required audits of our service providers and managing our allotted Operations budget. Lanterman meets the timelines for Intake and Assessment 99% of the time. Regarding program planning, Lanterman met the IPP requirements 98% of the time and met the IFSP requirements 96% of the time.

How well is FDLRC doing at getting consumers working?

FDLRC has chosen to include consumer employment as a local measure in their performance contract. The chart below shows how well FDLRC is performing on increasing consumer employment performance compared to their prior performance and statewide average:

*Average wages for January through June 2016 are estimates based on the first two quarters of 2016.

FDLRC continues to make progress towards its goal to increase the number of clients who are employed. In 2016, the regional center hosted an employment fair with the LAUSD to promote employment opportunities. FDLRC also partnered with LAUSD and Kaiser Permanente to develop work training opportunities for students ready to transition out of school to work. Our first effort had 3 students complete the program and all three were employed by Kaiser. Our second effort during this current school year has 10 students participating in this work-training program.

FDLRC continues to partner with the Foothill SELPA to increase work training opportunities for their 18 – 22 year old students. In 2016, 50% of the students went to work upon leaving school. We also partnered with the Glendale Community College in the development of a vocational training curriculum. Three FDLRC clients successfully completed the program and are either employed or are in the process of being hired.

How well is FDLRC doing at reducing disparities and improving equity?

The data collected by DDS only represents services paid for by the regional center; the data does not reflect services paid for by Supplemental Security Income, Medi-Cal, the school district, In-Home Support Services, health plans or other generic resources. In fiscal year 2014-15, FDLRC conducted audits and personal family meetings to learn more from our families that had no Purchase of Service from the regional center. During the 2014-15 fiscal year approximately 70% of the people we served were under the age of 22, indicating they received many of their services from community and generic resources such as school districts, health plans and In-Home Support Services; these findings were supported by the families we met with. We also learned that many adults living in the family home had active lives in the community, including volunteering and paid employment. This coming year we intend to focus our efforts on adults who do not receive purchased services from the regional center.
