Spring 2019

# Performance Report for Frank D. Lanterman Regional Center

Every year, the Department of Developmental Services (DDS) contracts with regional centers in California to serve consumers and families. And, every year DDS looks at how well the regional centers are doing. This report will give you information about your regional center.

Last year, at Frank D. Lanterman Regional Center (FDLRC) we served about 10,570 consumers. The charts on page two tell you about the consumers we serve. You'll also see how well we are doing in meeting our goals and in fulfilling our contract with DDS.

At FDLRC, we want to improve every year, do better than the state average, and meet or exceed the DDS standard. As you can see in this report, we continue to reduce the number of people residing in state developmental centers and are well below the state average. We continue to help people move out of locked mental health facilities and move into smaller homes that serve less that 6 people, or in some instanced, move into their own apartment. The graph on page 2 shows that we are just shy of the statewide average regarding children living in residential homes serving more than six; sometimes these young children need a home that can meet their intensive needs and often these homes are designed to serve more than six at a time. In some instances the legal entity responsible for the child determines where the child might live; we are committed to partnering with other entities, in hopes that they see the value in small, homelike settings.

We continue our efforts to recruit staff which reflect the community we serve. Of the 10,570 people we serve, 45% of our families and 64% of are staff are Hispanic; 13% of our families and 9% of our staff are Asian, 6% of our families and 8% of our staff are Africian-American and 32% of our families and 19% of our staff are Caucasian.

We hope this report helps you learn more about FDLRC. If you have any questions or comments, please contact us!

### Who uses FDLRC?

These charts tell you about who FDLRC consumers are and where they live.

### How well is FDLRC performing?

This chart tells you about five areas where DDS wants each regional center to keep improving.

The first column tells you how FDLRC was doing at the end of 2017, and the second column shows how FDLRC was doing at the end of 2018.

To see how FDLRC compares to the other regional centers in the state, compare the numbers to the state averages (in the shaded columns).

Regional Center Goals	Decemb	oer 2017	December 2018	
(based on Lanterman Act)	State Average	FDLRC	State Average	FDLRC
Fewer consumers live in developmental centers	0.21%	0.06%	0.12%	0.06%
More children live with families	99.32%	99.74%	99.38%	99.79%
More adults live in home settings	79.61%	78.17%	80.20%	79.18%
Fewer children live in large facilities (more than 6 people)	0.04%	0.05%	0.04%	0.05%
Fewer adults live in large facilities (more than 6 people)	2.47%	6.88%	2.31%	6.68%

Notes: 1) Consumers can be included in more than one diagnosis category. 2) Residence Types: CCF/ICF is Community Care Facility/Intermediate Care Facility; ILS/SLS is Independent Living Services/Supported Living Services. 3) Home settings include independent living, supported living, Adult Family Home Agency homes, and consumers' family homes. 4) Green text indicates the RC remained the same or improved from the previous year, red indicates the RC did not improve.

### Did FDLRC meet DDS standards?

Read below to see how well FDLRC did in meeting DDS compliance standards:

Areas Measured	Last Period	Current Period
Passes independent audit	Yes	Yes
Passes DDS audit	Yes	Yes
Audits vendors as required	Met	Met
Didn't overspend operations budget	Yes	Yes
Participates in the federal waiver	Yes	Yes
CDERs and ESRs are updated as required (CDER is the Client Development Evaluation Report and ESR is the Early Start Report. Both contain information about consumers, including diagnosis.)	94.76%	95.36%
Intake/Assessment timelines for consumers age 3 or older met	93.01%	90.70%
IPP (Individual Program Plan) requirements met	N/A	96.11%
IFSP (Individualized Family Service Plan) requirements met	84.0%	86.6%

Notes: 1) The federal waiver refers to the Medicaid Home and Community-Based Services Waiver program that allows California to offer services not otherwise available through the Medi-Cal program to serve people (including individuals with developmental disabilities) in their own homes and communities. 2) The CDER and ESR currency percentages were weighted based on the RC's Status 1 and Status 2 caseloads to arrive at a composite score. 3) The IFSP calculation methodology was changed from composite to average in order to more accurately reflect the RC's performance by only including children reviewed during monitoring and not all Early Start consumers. 4) N/A indicates that the regional center was not reviewed for the measure during the current period.

**Translation of IPPs**: In 2018 Lanterman provided a translated Individual Program Plan (IPP) to those who requested it. Of the approximately 2,411 IPPs completed, translations were done as follows –

1,653 English - No translation

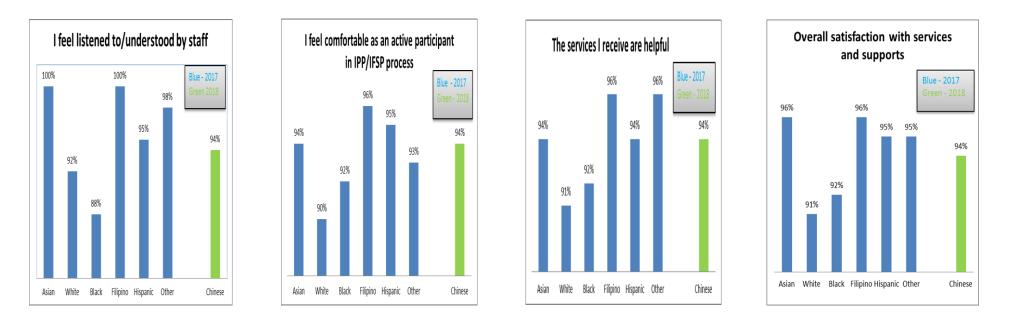

531 Spanish – 487 were translated (89%)

162 Korean - 150 were translated (90%)

32 Armenian – 20 were translated (45%)

33 IPPs were conducted and translated into a variety of other languages

**Satisfaction Survey:** In 2017 and 2018, Lanterman conducted a satisfaction survey of its community. In 2017, the survey was provided to approximately 2,423 clients/families of the Lanterman community, by geographic region within the catchment area, age, and ethnic background. In 2018, the survey was focused on the monolingual Chinese speaking community. Below are excerpt results from the survey(s),
