The committee reviewed the 2019 performance plan. Mr. Roman reported that in July DDS asked centers to conduct community meetings in May to update them on the performance plan. Discussion followed.

## **POS DATA**

Mr. Roman shared data concerning POS disparity; the committee discussed. The Committee pointed out that services are not being used to the fullest capacity and inquired as to why. Mr. Roman informed the Committee that this question would be posed to the Community when the data is presented in March in hopes of getting the Community's perspective on why services weren't used. Ms. Mazariegos, explained to the committee what the Promotora Project has been successful and is also being provided for Korean speaking families. Ms. Rose Castillo, director of KYRC, will also talk more about the Promotora Project when she attends this committee meeting at a later time.

Mr. Roman added that this year, data regarding respite will be added to the POS disparity. The committee also discussed self-determination.

## **SURVEY RESULTS-IDD SELECT COMMITTEE**

Mr. Roman reported that last year assemblymember Jim Frazier held community meetings throughout state to obtain more information about the regional center system. A satisfaction survey was collected and the committee received the report. Mr. Roman highlighted that the results are not a representative sample of all centers. However, Lanterman scored the highest out of all centers. Discussion followed.
